Title:	Classification of Personal Information	
PSG Number:	SS-08-002.01	Topical Area: Security
Document Type:	Standard	Pages: 2
Issue Date:	3/31/08	Effective Date: 3/31/08
POC for Changes:	GTA Information Security Office	
Synopsis:	Establishes a statewide standard for categorizing personal information	

PURPOSE

State government often requests, access, and maintains the personal information of its employees, clients, and constituency during the course of conducting official state business. The state has a legal and fiduciary obligation to protect this information from unauthorized disclosure and modification.

SCOPE, AUTHORITY, ENFORCEMENT, EXCEPTIONS

See Enterprise Information Security Charter (Policy)

STANDARD

Agencies managing personal information about employees, clients, and/or constituents shall consider the potential impact from loss of confidentiality and/or integrity to be MEDIUM or MODERATE.

TERMS and DEFINITIONS

Personal Information – an individual's first name or first initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted or redacted:

- A. Social Security Number (SSN)
- B. Driver's license number or state identification card number
- C. Account number, credit or debit card number
- D. Account passwords or personal identification numbers (PIN) or other access codes
- E. Any of the items A through D when not in connection with the individual's first name or first initial and last name, if the information is sufficient to perform or attempt to perform identity theft of other
