Ethics Framework

GTA's Office of Artificial Intelligence and the AI Council have relied on the [EthicsDNA Project](#) from the University of North Georgia to help ethically navigate the shift in the information revolution.

Technology is moving from a season of substitutional change to a time of infrastructural change. With substitutional change, newer, more efficient ways of doing change to a time of infrastructural change. With Technology is moving from a season of substitutional information revolution.

Broadband Program Update

Jessica Simmons

Deputy State CIO and Executive Director of the Georgia Broadband Program

Georgia's Broadband Availability Map

ARPA State Fiscal Recovery Fund

All grants are administered by the Office of Planning & Budget, with GTA providing technical assistance.

American Rescue Plan Act

- Governor Kemp announced over \$400 million in State Fiscal Recovery Funds for broadband on February 1, 2022
- Over 175,000 locations
- Almost \$730 million invested when combined with matching funds
- Projects must be completed by December 31, 2026

American Rescue Plan

The American Rescue Plan Act (ARP; P.L. 117-2) was signed into law on March 11, 2021. It is the sixth COVID-19 relief bill enacted and provides approximately \$1.9 trillion in assistance. It includes fiscal relief funding for state and local governments, education, housing, food assistance, and additional grant programs.

According to current projections, the bill will result in at least **\$17.4 billion** to Georgia, including state and local governments and individual assistance. However, Georgia may receive more or less than the projected amount for any particular program.

The Office of Planning and Budget is the prime recipient of the State and Local Fiscal Relief Fund, Capital Projects Fund, Homeowners Assistance Fund, and Emergency Rental Assistance Program. Other funds made available through federal relief acts are directly allocated to other state and local entities.

Note: All allocation amounts are projections and are subject to change as new guidance is released. Funds have not yet been received from U.S. Treasury.

Click on the icons below to learn more about the current programs.

[State Fiscal Recovery](#)

[Local Fiscal Recovery](#)

[Capital Projects](#)

[Emergency Rental Assistance](#)

[UI Trust Fund](#)

Awarded (obligated): \$414,909,962.14

Amount Drawn: \$254,293,232.39 (61%)

ARPA Capital Projects Fund

Capital Projects Fund

- Governor Kemp announced \$234 million in Capital Projects Funds for broadband infrastructure on January 4, 2023, and \$14.7 million on June 12, 2023
- Over 77,000 unserved locations
- Almost \$480 million invested when combined with matching funds
- Projects must be completed by December 31, 2026

Capital Projects Fund

The Coronavirus Capital Projects Fund (CCPF) will address many challenges laid bare by the pandemic, especially in rural America and low- and moderate-income communities, helping to ensure that all communities have access to the high-quality, modern infrastructure needed to thrive, including internet access.

Awarded (obligated): \$246,096,344.83

Amount Drawn: \$20,425,627.16 (8.3%)

Georgia's BEAD Allocation

Infrastructure Investment and Jobs Act (IIJA) Broadband Equity Access and Deployment (BEAD) Program

- \$42.45 billion to expand high-speed internet access by funding planning, infrastructure deployment, and adoption programs in all 50 states and territories
- Georgia Allotment: \$1,307,214,371.30
- BEAD Planning Funds: \$4,999,994.65

Overview of the BEAD Program

- In June 2023, Georgia was allocated \$1.3 billion of federal BEAD funds that will become available following completion of the federal planning cycle.
- Funds are prioritized for *unserved* locations (those that cannot get internet service of 25/3 Mbps) first and *underserved* locations (those that can get internet service between 25/3 and 100/20 Mbps only) second.
- GTA has submitted three BEAD plans to NTIA: Georgia's 5 Year Action Plan, Initial Proposal Volume I & Initial Proposal Volume II.

Planning

2023

Grant Program

2024/2025

Projects Begin

**Upon Final
Proposal Approval**

BEAD Eligible Locations

- As of 8/30/24, the following locations will be BEAD eligible:
 - 71,776 unserved locations
 - 93,298 underserved locations
 - Total: 165,074
 - 3,638,216 served locations in Georgia

GTA's Grant Structure

1

2

3

4

5

Application preparation

- Applicants select the County Grant Area that they want to serve
- Applicants will be required to propose a cost to build broadband to unserved and underserved locations in that County Grant Area
- Applicants may exclude extreme high-cost locations

Scoring

- GTA will score all applications based on the relevant scoring rubric

“Extremely High Cost Per Location Threshold”

- GTA will set the Extremely High-Cost per Location Threshold to determine the cost at which other technology types make more sense than fiber based on Round 1 data

Negotiation

- GTA will solicit proposals for County Grant Areas that did not receive a proposal
- GTA will also solicit revised pricing for proposals that exceed the EHCPLT

Provisional awards

- OPB will preliminarily award projects
- GTA will prepare the Final Proposal to NTIA to seek approval of the preliminary awards
- The Final Proposal will be released for public comment before submission to NTIA

Potential Updates to the BEAD Program

- Streamlining permitting
 - National Environmental Policy Act (NEPA)
- Program waivers to expedite deployment
- Updates to the low-cost service option
- Technology preferences

State Digital Equity Capacity Grant

Infrastructure Investment and Jobs Act (IIJA) Digital Equity Act (DEA)

- Funding for states to implement their digital connectivity plans
- Georgia Allotment: \$22,455,639.68

Security Briefing

Steve Hodges

Chief Information Security Officer

Legislative Initiatives

- Requested \$15M appropriation to continue the effort to extend and improve security services to the Executive Branch agencies

State Security Operations Center

- Endpoint Detection and Response (EDR)
- Security Event Information Management (SEIM)
- Vulnerability Scanning
- 24/7 Event Monitoring
- RFP for new Managed Security Services Provider (MSSP) is under evaluation
- One additional SOC analyst planned for FY26 with interns supplementing

Other Security Initiatives

- Providing vulnerability disclosure program (HackerOne)
- Providing bi-weekly cyber threat intelligence summary
- Providing active EDR services to 62 Executive Branch agencies
- Rewriting state information security policies and standards to align with NIST Risk Management Framework r5
- Planning underway for CyberDawg red team/blue team exercise 2025
- Planning underway to expand agency CISO/ISO training opportunities for FY'27
- Procurement of eGRC tools complete, implementation in progress

Other Security Initiatives (continued)

- Evaluation of communication and collaboration for GTA OIS and agencies to use to communicate threat information and collaborate on security issues is complete and procurement is in progress
- Evaluation of CSPM tools in progress
- Secure Access/Secure Edge (SASE) solution deployment in progress
