About

EMGrantsPro is the leading edge online grant management tool for State Emergency Management departments - such as Public Assistance, Hazard Mitigation, Homeland Security and other non-disaster grants. The system provides the necessary capabilities for managing these programs exclusively online from the initial application for assistance to the closing out of the disaster and/or grant.

- Organization

Hold Ctrl key to select multiple areas.

When you see **“Successfully Submitted/Advanced”** your Application has been submitted.

This will notify your GEMA/HS team

The screenshot displays a web application interface with a dark blue header and a white notification modal. The header contains navigation icons for Accounts, Projects, Finances, and Personnel, along with a user profile for Sheneka Turner and a Logout button. The breadcrumb trail shows the current path: 2022 State and Local Cybersecurity > Preparedness Grants > Account for 2022 (SLCGP) - Prepare... > Project S3 - 2022 SLCGP Preparedne... The main title of the page is "Project S3: Application - 2022 SLCGP Preparedness Grants Testing" with a sub-header "Routing in Progress: Initial Review (Step 3 of 7)". The notification modal is centered on the screen, featuring a green checkmark icon and the text "Successfully Advanced". Below this, it states "You have advanced this Application. You can see the workflow progress below." and shows a progress bar with six steps: 1. Summary, 2. Program Manager Review, 3. Initial Review (highlighted with a green checkmark and a right-pointing arrow), 4. Executive Approval, 5. Applicant Award Notification, and 6. Signed Agreement Review. At the bottom of the modal are two buttons: "Close" and "Go To Project".
