

CYBERSECURITY IN THE WORKPLACE

is everyone's business

Every business faces cybersecurity challenges, no matter the industry or size. Take these steps to proactively protect your customers, employees and intellectual property – and by extension your business' reputation and success.

IDENTIFY YOUR "CROWN JEWELS"

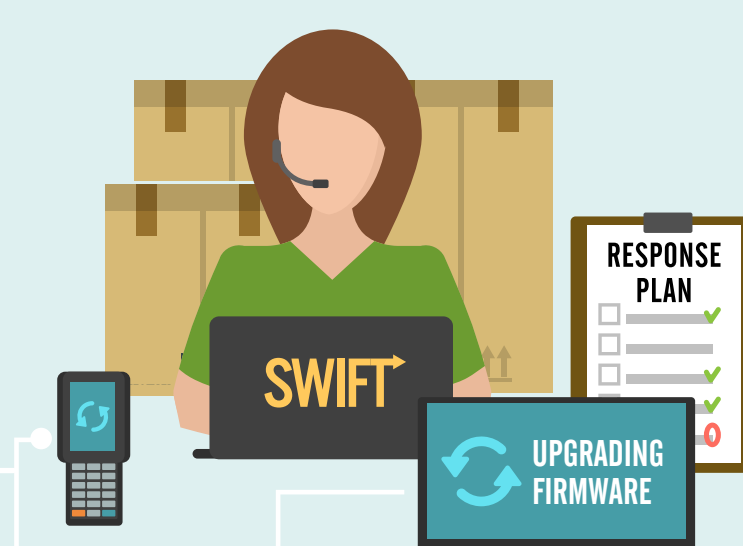

PROTECT YOUR ASSETS

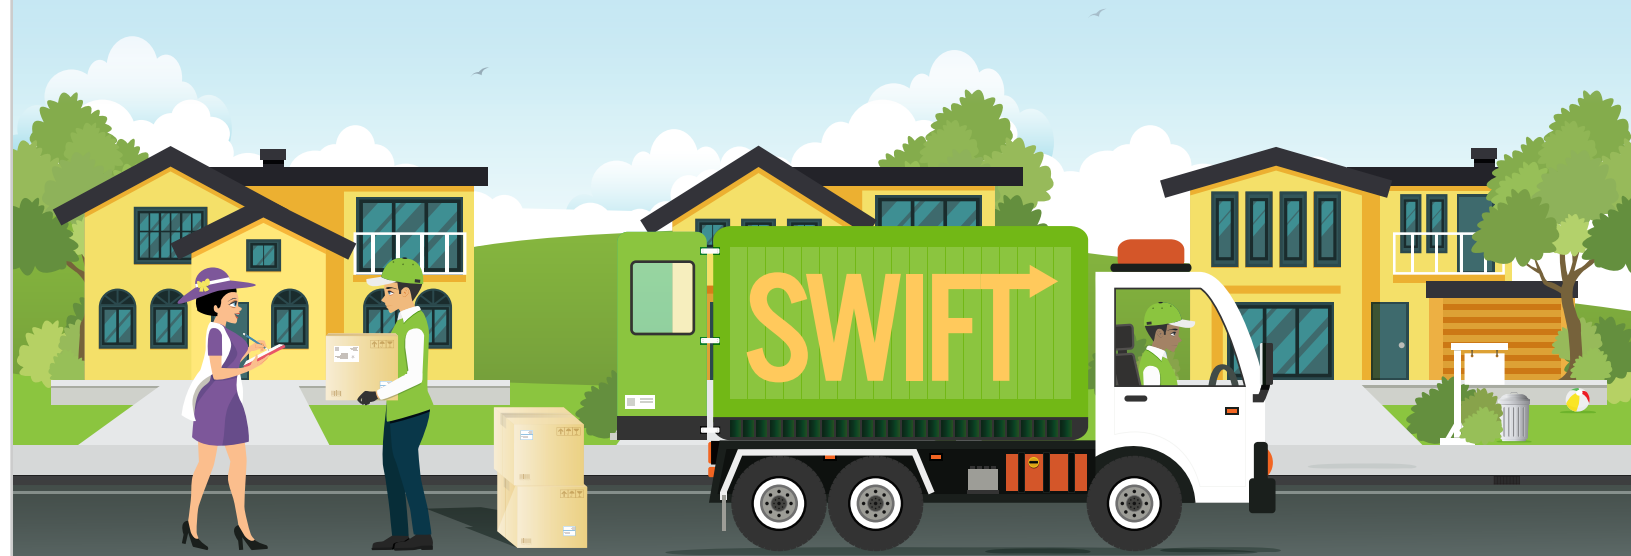

BE ABLE TO DETECT INCIDENTS

RESPOND TO INCIDENTS

QUICKLY RECOVER NORMAL OPERATIONS

BE A PART OF SOMETHING BIG

GET INVOLVED ON SOCIAL MEDIA

Use the #CyberAware hashtag in your posts, follow us on Facebook and Twitter and download our sample social media content to share before and during the month.
